People all over the State were shocked at news of the sudden death of Capt. John Duckett, which occurred in Raleigh on Monday. He had left his home after dinner and started to his office in the Supreme Court Building. He stopped down stairs to pass a few remarks with friends, when suddenly he put his hand over his heart and said, "What is the matter with me," and sank back into his chair dead. Physicians were immediately at his side but death was instantaneous, resulting from an attack of acute indigestion. He was connected with the office of the State Superintendent of Schools and was one of the prominent educators of the State. He was at one time engaged in school work in this county. His death is a distinct loss to the educational work of the State.
